**-APPENDIX ALPHA:
THIEVES' DEN AWARDS**

IMPORTANT:

Thieves Den Awards are checked off based on your SYSTEM DATA. In other words, it counts everything you do across all your playthroughs and save files. You can earn most of these through savescumming if you don't want to put in the time, but you need New Game+ to complete the full list. The Awards are technically optional; P-Medals can only be used in the Thieves Den itself, and can be earned freely by playing the Tycoon minigame.

HOWEVER, there is an extra-special prize for true 100% completion.

Talk to Jose after getting every Award to obtain the Letter (Item which lets you use the Persona Compendium for FREE) and the Invisibility Veil (Accessory that makes you undetectable to all enemies). These can only be used in NG+, by checking the cardboard box in your room. Happy hunting!
